

# Persona Review

## Glazes

Persona review of some possible customers.

### Jazmyne Kingi

The CEO and founder of Glazes ecommerce website.

**Jone Mary 65 Female Hairdresser** – Jone Mary sounds like a perfect candidate to view our website, reading goals and motivation hoping we have clothing to help inspire her

**Mani Crane 50, Female Carpenter** – Seems like a nice person but could have different interests in style, knowing our clothing might not fit her with her daily carrier. Her challenges and frustrations state digital frustration. As we are a ecommerce website with no physical address for pickup or fittings, I do believe our site might be difficult.

**Jack Jones 25 male salesman** – With Jacks' persona it's hard to tell if he enjoys fashion, he seems dedicated to his job. But it would still be good to gain some feedback on the website and clothing.
